What is it? **Tough Enough To Wear Pink?** provides a nationally-recognized campaign and framework for rodeos and western events to promote breast cancer awareness and fundraising to benefit their local communities.

The Western Industry joined together to raise awareness and funds for the fight against breast cancer. The campaign is titled: **Tough Enough To Wear Pink?** The color pink is not something you would associate with the tough sport of rodeo however breast cancer has touched the lives of many rodeo and western lifestyle families and the Tough Enough to Wear Pink? partners want to put this important health issue top-of-mind at rodeos and extreme sporting events across America and Canada.

Rodeo committees, western event producers, western manufacturers and cowboys and cowgirls have got-ten behind this campaign and the momentum continues to build. Over \$30 million dollars has been raised since the inception of the campaign to support local breast cancer groups across the country.

Why is it successful? Every community that participates through their rodeo or their western event is encouraged to keep their money locally to do good in their own back yards through contributions to their women's breast cancer center, the women's breast cancer wing of the local hospital or whatever breast cancer support group is in need in their community. It is the decision of the local rodeo committee or event on who receives their donation. The success of the campaign is that it is truly grass-roots...people raising \$5 at a time to support someone in their community.

You must register your event ANNUALLY. To be an approved event, please complete the enrollment form and return. You will receive an approval to use the trademark for your fundraising efforts. Your event is required to purchase a minimum of \$250 TETWP merchandise which you purchase at a reduced wholesale price and then sell in your fundraising at full retail price.

How you can get involved In order to maintain the integrity of the campaign and garner maximum public relations for the Western Industry, you are required to let us know the amount of money your group raised at the end of your event and to whom the donation was given so we can highlight your efforts in our public relations campaign. No amount of money raised is too small. It will be the efforts of many that will continue to make the campaign successful.

Information If you have additional questions after checking out the website, please give us a call.

Again, thank you so much for your interest.
